MERRY

CHRISTMAS

AND HAPPY NEW YEAR

From your friends working world-wide with

Gospel Broadcasting Mission and The Christians Hour

DIRECTOR'S MESSAGE

My friend, I hope you have noticed we are currently using words from the tenth chapter of Romans as sort of a watchword or slogan for our mission: "...how can they believe if they have not heard the message."

Romans goes on to say "and how can they hear without someone preaching to them? And how can anyone preach unless they are sent?" What it doesn't say is how they can be sent and supported without the financial help of God's people?

The fact is missions like Gospel Broadcasting Mission and The Christians Hour cannot exist without your regular support. Honestly, missions like ours are struggling today to meet ministry opportunities, current commitments and increasing broadcasting costs.

We don't receive the large gifts from foundations and corporations you sometimes read about in your local newspaper. Our base of support comes from churches and individuals like you who believe in using the electronic tools God has given to reach the far corners of the world where even missionaries cannot go.

Someone wrote: "When the Church stops reaching out to share the Good News with other cultures, it has started accepting the ungodly mindset of the world around it, and decay and perversion are the result."

We are the Church. "We are not store-rooms, but channels. We are not cisterns, but springs, passing our benefits onward, fitting our blessings with wings. Letting the water flow outward, to spread o'er the desert forlorn. Sharing our bread with our brothers, our comfort with those who mourn."

When we give His work first place in our hearts and lives then we know we are doing what God wants us to do. Our prayer is that you and your family will have a wonderful Christmas Season – and that you will include our ministry (if not already doing so) in your mission support plans for the new year - to help them hear the Word!

Merry Christmas and Thank You! *Bill McClure*

We are sorry to report that our long-time friend and Rawang broadcaster/producer K. James, or James Khamlum, has lost his battle with cancer. He received his eternal reward last month. Please pray for his wife and family.

2017 PROJECT 2017 PROJECT 2017 PROJECT 2017

In the New Year, you can help us purchase/distribute ImpaX units - these are solar powered radios to share with broadcasters and listeners overseas. This is next generation missionary technology and combines a solar powered radio and Audio Bible (local languages)

all in one. Perfect for many oral cultures and areas in the world not serviced by 24 hour Christian broadcasting. A button toggles between radio and audio Bible functions. It's water resistant ... AM, FM, SW ... these will replace battery-only style radios and mp3 players we have helped distribute

in the past. Your gift of \$100 will provide three ImpaX receivers. On average each player is heard by 10 people, allowing those who can't travel overseas to instead send a pocket sized missionary in their place. Coupon below:
